NZ Silver Fern Mangopare

### The "NZ SILVER FERN"

"The Silver Fern leaf is from the fern species known as "Ponga" and is an iconic symbol of New Zealand. The Maori word "koru" is based on the spiral shape of a new unfurling Silver Fern frond and is often used in Maori art as a symbol of creation and new beginnings."

### The "MANGOPARE"

Mangopare (Mah-ngo-pah-re) is Maori for "Hammerhead Shark"; It represents Strength, Durability & Resilience

In this design the Mangopare is depicted leaping out of the water. The ocean has always been the dominant force for Maori people, who travelled great distances in their canoes and had a huge respect for the creatures of the sea.
